ADVENTUREWOODS ENTRANCE

WHAT IS A NATURAL MATERIALS PLAYGROUND?

It is a mixture of structures, paths, and loose materials that invites families to play in nature.

This innovative, sustainable playscape engages children in creative, imaginative, and active discovery. Kids are free have fun and learn, experiment and discover, all while exercising and enjoying the outdoors.

THE WOODLOT

In the Woodlot, you will find logs for climbing, and practicing balance along with materials and starter structures for building forts and shelters.

Build your own forts and shelters from twigs, sticks, and leaves

Climb on logs of all shapes and sizes

WEFT & WEAVE

The Weft & Weave consists of 2 large weaving boards bookending a rolling landscape of small mounds meant for jumping and play.

Photo Credit: Roe Keyser

Use the weaving boards and natural materials to create patterns and shapes - get creative!

Run and jump through the moguls, and balance on the logs.

THE WILLOWS

The Willows contains several woven branch huts, log tables and chairs, and building materials (tree cookies, nuts, seeds, bark) for fairy houses.

Pretend-play in the fairy huts and at the tea tables.

Build your own fairy house with natural materials
